

Adaptations of Kaleidoscope Squares Supplies List

Ground:

- 10 x 10 #18 canvas, color of your choice
- On #18 canvas, design size is 6 x 6 – but you can build any design from the motifs
- Note that the 10 x 10 canvas and 6 x 6 design is to complete a square consisting of 9 blocks, each of which contains 9 of the individual motifs.
- Or choose another ground and shape and size entirely – congress cloth or 14-ct perforated paper

Threads:

- Anything from your stash that works with your ground – to continue the idea of limiting the stitching to one square motif, limit your selection to 3-4 types of thread and 3-4 colors

An adventurous spirit willing to experiment!
